

United Industrial Commodities

Sustainability & Responsible Sourcing Policy

Objective:

To ensure UIC operates responsibly, fosters sustainable trade, and advances global supply chain transparency.

Key Principles:

- Prioritize sourcing from suppliers who demonstrate responsible labor, environmental, and ethical practices.
- Conduct due diligence to prevent child labor, forced labor, or human rights violations in our supply chain.
- Promote traceability of commodities from origin to end-use.
- Support environmentally sustainable practices, including resource efficiency and reduced emissions.
- Collaborate with stakeholders to innovate and build a circular economy.
- Publish annual sustainability updates to maintain transparency with stakeholders.
- Align practices with UN Sustainable Development Goals (SDGs) relevant to trade and industrial commodities.
